

# EARLY NOTICE INVITATION

The TransBaltic project in cooperation with Region Zealand

Invites you to take part and contribute to the debate

## Intermodal Terminals in an Integrated Transport System of the Baltic Sea Region. Development Trends and Policy Consequences

### March 29th, 2012

Venue: Danish Regions, Dampfærgevej 22, Copenhagen, Denmark

Aims: To identify strategic development tendencies and drivers for intermodal terminals in Denmark and the neighbouring countries now and in a 2030 year perspective  
To present results of the TransBaltic planning and demonstration work for dry ports in the Baltic Sea Region  
To address the EU Commission and national governments with policy recommendations for intermodal terminals, including their role in the TEN-T network

More information and a draft agenda will be distributed in February
